vs.

NELSON MALDONADO RODRIGUEZ

Victor GONZALEZ, AFPD.

The defendant is present in court. He is X under custody ___ released.

CASE CALLED FOR FINAL REVOCATION HEARING. The Court vacates the term of imprisonment of twenty-four months imposed yesterday because the guideline imprisonment range is from four (4) to ten (10) months, based of a Grade B violation, and a Criminal History Category of I, instead of guideline imprisonment range from twenty-four (24) to thirty (30) months based on a Grade A violation and a Criminal History Category of I. The Court, after arguments heard found that the offender violated the conditions of the imposed supervised release term by engaging in new criminal activity, and failing to notify the U.S. Probation Officer of his arrest within seventy-two (72) hours as required as cited in the motion filed by the U.S. Probation Officer on March 16, 2005 (Docket No. 241). Therefore, the supervised release term imposed on June 30, 1998 is hereby revoked.
